JAZZAMATAZZ

The Express Collection

Grateful to be the **Made In Canada Solution** for Canadian Dancers for over 30 years!

We are so very grateful to be emerging from the storm of the last few years, with all of you. Across our country, we experienced a complete dance season again, and we collectively exhaled. Travelling teams danced around the world again. Record numbers of little ones entered into their first dance season and got to shine in their very first, but certainly not their last, recital. There is still work to do but we also learned how absolutely capable we all are to meet our challenges.

We are deeply appreciative of the staggering number of referrals we have received from you! We do regard those referrals as a call to excellence. We have bumped up our capacity to produce inventory for our in stock collections as we remain committed to be 100% Made in Canada. We look forward to the opportunities to work with you all to bring your vision to stage.

WE ARE CANADIAN! Not just sold in Canada but made in Canada too! Clear pricing in Canadian dollars with no customs, no brokerage, no fluctuating exchange rates...just the assurance of a really great costume at a really great price! Bonus...Your costumes will never be stuck at the border or in a container.

Quantities are limited only by the fabrics available. If you see something you love, early ordering is your best option.

GLITTER! Love it or hate it...everyone has an opinion and we listen to you. If you are in the no glitter camp, look for the **GLITTER FREE** emblem on over 200 Express Collection designs for both your male and female dancers! If you love a little glitter, don't worry, we still have you covered.

Thousands of our Express Costumes are in stock and ready to ship. In our 10,000 square foot facility in Mississauga, we have dedicated Express Collection production lines! This means inventory is constantly being added to throughout most of the season. Check our website for current inventory levels.

From first recital steps to stepping back onto the competitive stage, our 2024 Collections are filled with fresh new designs that stand alone or act as a perfect canvas for embellishment. We believe you don't have to choose between quality and value. We are a little obsessed with lining and banding but we hear you like that about us. Your dancers can step confidently onto the stage in a well made costume without breaking the bank. For fabulous recital price points or flexibility on that last minute group, the Express Collection is your Made In Canada solution.

We hear from you that your dancers felt special and their parents were happy with their Jazzamatazz costumes and that freed you up to focus on bringing your vision to life. From our production team to our client care team, we take that responsibility very seriously!

On behalf of the Jazzamatazz team, we feel privileged to know that many of our studio owners wore Jazzamatazz costumes when they were students themselves. We thank you for choosing our team to partner with your teams for over 30 years!
