2026 THE PERFORMANCE COLLECTION

The Spotlight Collection is the perfect compliment to the Performance Collection

Spotlight Collection costumes are as beautifully detailed as the Performance Collection, which makes them perfect for Competitive groups, solos, duets and trios. Many of you even used them for special year end numbers as well. You may even spot some crossover designs from Performance to Spotlight.

Whether you are looking for cute and sparkly with super bouncy crinolines for your Minis or beautiful bodysuits and dresses that act a perfect and well fitting canvas for your creative embellishments, we have you covered.

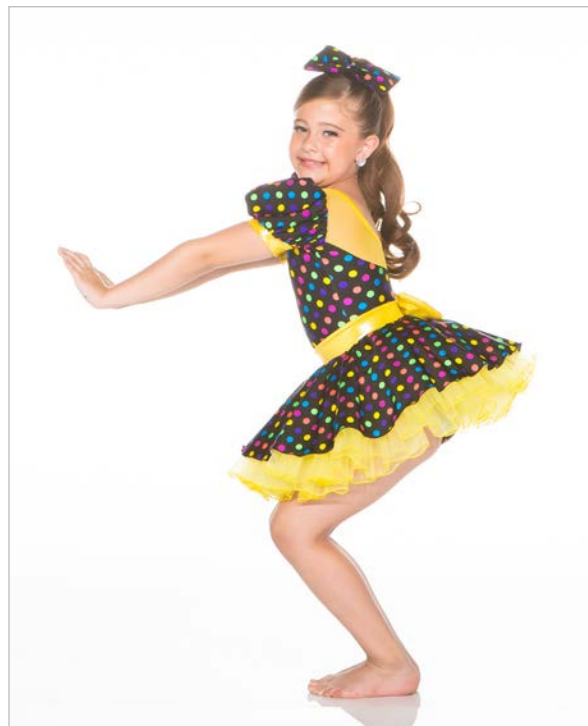

Thousands of the Spotlight Collection costumes are already in stock (we make them in our slower season so they are waiting for you when you are ready). There are no minimums, so you can use them for solos and duets, as well as groups. We have even added some boys to the mix.

If you see a design you love, and it is on pre-order status, you can order whatever sizes you need. Once they have been produced, what we have is what we have. We make them in smaller batches...between 50-250 of each style, and once they are gone, they are gone.

We invite you to make this the year, you step into The Spotlight!

A special note from our Director, Tammy...

I want to take a moment to express my deep gratitude for Marcela Adams, as she formally retires. Marcela has been by my side through it all, from the days of custom costuming in the basement to all the ups and downs of launching the catalogues. I could not ask for a more loyal friend through it all. She has always had the best interests of the company in her thinking but even more than that, she has always carried her friend's well being, in her heart...even on the odd occasion when we butted heads. I will miss her dearly and am incredibly grateful that she has agreed to return for two days a week in our high season. Marcela Adams, you are one in a million

We are incredibly grateful for the decade long relationship we have with Bill Petro and Kim Thompson of Churchill Digital. Bill is a celebrated photographer with decades of experience in commercial photography. Kim is a highly accomplished graphic artist and we have frankly lost count of how many eyes and limbs Kim has switched out over the years when everything else in the shot was just right. Neither of them will tell you how fantastic they are, they just go ahead and show you. We are profoundly grateful for their unusual mix of excellence and humility.

Caroline CB Buzzanga is another strong female entrepreneur that we have had the privilege of working with for the last decade. CB and her remarkable team of hair and makeup artists are our official "Glam Squad" and we are so very grateful for them. A leader in her industry, Caroline has been working in the bridal, film, television and print arenas for the last two decades. She is gracious, dedicated and has a passion for helping people feel confident and beautiful, on set or in her salon. www.creativelybeautiful.com

MEASURING TIPS

Always measure as close to the body as you can. Your dancer should be in a bodysuit or other close fitting dancewear.

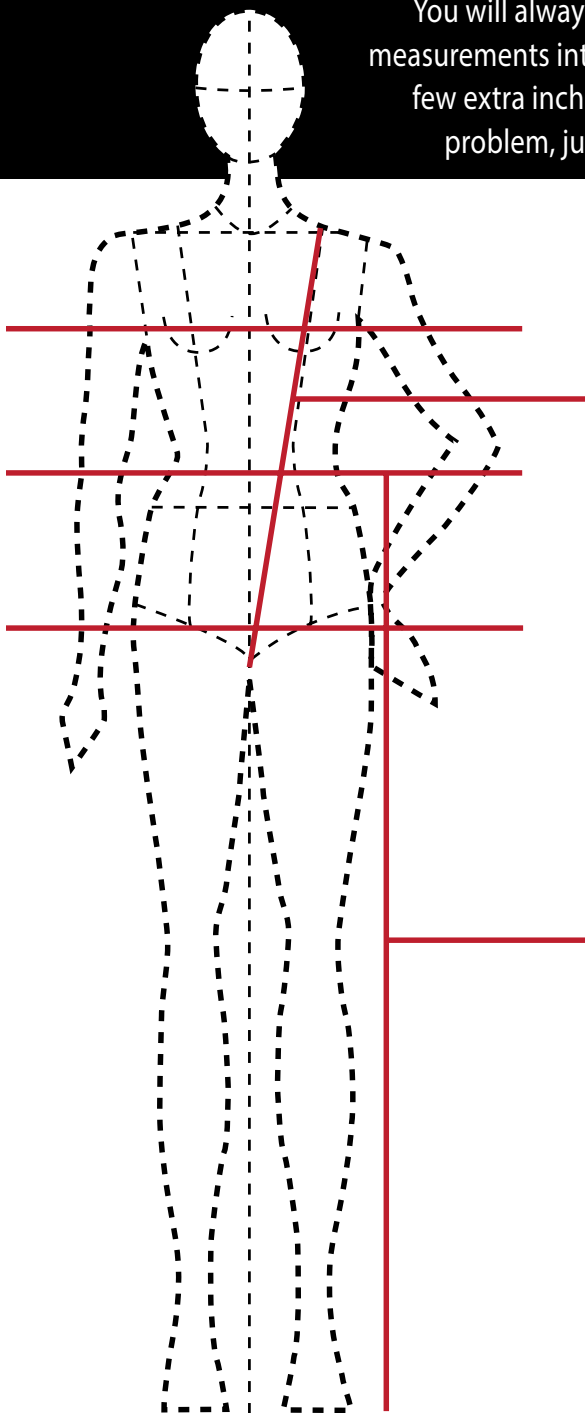

Never use the girth measurement alone to size your dancer.

You will always get a superior fit if you take all measurements into account. If your dancer needs few extra inches in the girth or leg length - no problem, just ask us. We are happy to help!

BUST
Measure the fullest part of the chest.

WAIST
Measure the smallest part of the mid section.

HIP
Measure around the fullest part of the hip line.

GIRTH
Secure tape measure at the shoulder, take the tape down the body, through the legs and back up to the same shoulder point at the back. Once your tape has met the start point, press tape into the small of the back — a sway back can add several inches to the girth measurement.

OUTSEAM
Measure from waistline to floor, without shoes.
