JAZZAMATAZZ
The Express Collection

Grateful to be your
MADE IN CANADA
solution for over 35 years!

We are all thinking about how we can grow and support our own Canadian industries a little more these days. Since our very beginning, we have been 100% committed to our Canadian dance community. We do not sell outside of Canada. This choice has been intentional and part of what makes us who we are.

When we say we are Canadian, we don't just sell in Canada. Every single costume we sell is made right here in our Mississauga, Ontario facility with an unwavering commitment to quality. We hear from you that your dancers feel special and their parents notice the quality of the workmanship.

GLITTER! Love it or hate it…everyone has an opinion and we listen to you. As more and more theatres are charging a clean up premium for glitter, we are steadily moving towards a no glitter zone. The vast majority of our designs will bear the Glitter Free emblem. The few that don't are made with a very low shed glitter, embedded into the fabric so that you know up front what you are working with.

Combo Classes! We have a number of designs that bear a combo class ready emblem. They are built on a bikertard or banded bodysuit with an additional piece that is removable. This makes them well suited to be used for 2 routines. A lot of our designs are made with a removable skirt or tutu, which gives a good base to create that second costume.

Thousands of our Express Costumes are in stock and ready to ship or pick up. In our 10,000 square foot facility in Mississauga, we have dedicated Express Collection production lines! This means inventory is constantly being added to throughout most of the season. Check our website for current inventory levels.

From first recital steps to your senior students, the 2027 Collections are filled with fresh new designs across the disciples, designs that stand alone or act as a perfect canvas for your creative embellishments.

We don't believe you have to choose between quality and value. We are a little obsessed with lining and banding but we hear you like that about us. Your dancers can step confidently onto the stage in a well made costume without breaking the bank!

We love hearing from you that your dancers and their parents are thrilled with their Jazzamatazz costumes. We know that leaves you free to focus on bringing your vision to life!

On behalf of the Jazzamatazz team, we feel privileged to know that many of our studio owners wore Jazzamatazz costumes when they were students themselves. We thank you for choosing our team to partner with your team to bring your vision to reality.

Here's to another great season together!

MEASURING TIPS

Always measure as close to the body as you can.
Your dancer should be in a bodysuit or other close fitting dancewear.

A WORD ABOUT SIZING

NEVER USE THE GIRTH MEASUREMENT ALONE TO SIZE YOUR DANCER.

BUST

Measure the fullest part of the chest.

WAIST

Measure the smallest part of the mid section.

HIP

Measure around the fullest part of the hip line.

GIRTH

Secure tape measure at the shoulder, take the tape down the body, through the legs and back up to the same shoulder point at the back. Once your tape has met the start point, press tape into the small of the back — a sway back can add several inches to the girth measurement.

OUTSEAM

Measure from waistline to floor, without shoes.
